If you love me, like you tell me... Please be careful with
my heart
You can take it, just don't break it... Or my world will fall
apart
You are my first romance... And I'm willing to take a
chance
That till life is through... I'll still be loving you
I will be true to you... Just a promise from you will do
>From the very start... Please be careful with my heart

I love you and you know I do... There'll be no one else
for me
Promise I'll be always true... For the world and all to see
Love has hurt... some lies softly spoken
And I have had my heart badly broken...
I've been burned and I've been hurt before
So I know just how you feel... Trust my love is real for
you
I'll be gentle with your heart... I'll caress it like the
morning dew
I'll be right beside you forever... I wont let our world fall
apart
>From the very start... I'll be careful with your heart

You are my first (and you are my last) Romance...
And I'm willing to take (ill make up a pact) A chance...
That till life is through... I'll still be loving you
I will be true... (I will be true) To you
Just a promise from you... (only to you) will do
>From the very start... (from the very start)
>From the very start... (from the very start)
>From the very start
Please be careful with... (I'll be careful with...)
My (your) heart...
