This partys gotta be
The dulllest one I'll ever see
Plastic smiles and conversations
But on a scale of 1 to 10
I thought 12 when you walked in
That girl has got imagination
It might be that cowboy har
Or that country southern draw
But I love a girl like that
Your tatoo says it all

Chorus:

I like the way you think
You live your life with a little wink
And You don't play by anybody else's rules
I get where your comin' from
You gotta master your own drum
Can I buy you a drink?
Cause I like the way you think

It's like you read my mind
When you said lets try to find
A place that doesn't feel so formal
These walls are closin' in
And I need to breath again
These people are to normal
I said you don't to twist my arm
Or drag me outta here
My get away car's already in first gear

Chorus:

I like the way you think
You live your life with a little wink
And You don't play by anybody else's rules
I get where your comin' from
You gotta master your own drum
Can I buy you a drink?
Cause I like the way you think

Baby, later on we can find a swimming pool
Strip down to the basics

And break a few more rules

Chorus:

I like the way you think

You live your life with a little wink

And You don't play by anybody else's rules

I get where your comin' from

You gotta master your own drum

Can I buy you a drink?

We're gonna miss life if we blink

I like the way you think

yeahh
