oooooooooooo

(woman) im sittin here.... cryin

(bridge)

lookin back i never thought that things would be this
messed up

i never dreamed that you and me would be breaking up

i cant believe i've lived to see that you are there and i
aint there

it makes me scared so i plea.

when your ass should be home here no where to be
found

im sittin here worryin your clownin around.

yesterday i did your laundry found stains on your
underwear

so you thought you could of played me

you no you got caught out there.....how could you boy
(chorus)

why am i worryin why feel sorry over you

why am i trippin why am i even feelin blue

i feel it now i see it now the truth is i was lonely

i'm sensitive like dat i need you back just you and me

i no dat doesnt justify the need for me to lie

but you promised me girl that you would never leave
my side.

remember but then success came then stress came i
no d fame

and artificial girls they like me but don't no my name

all i thought about was seein you my girl again

while you gave off i was caught up in dis music game

why did you have to go there why mess with my heart

you no wot girl if you think back i told you right from the
start

that if you dont give me support are trust will fall apart

(chorus)

you caught me out lets sort it out dont talk about

walking out now

i got my feet back on the ground now i messed around

i messed it up

i fucked it up i pushed my luck
i no its wrong and now im singin a sad song
don't you no your love has got me under pressure
cos i no that we're never gonna be together cos your
family arranged an agenda
they'll never let ya
but remember....
you are my lover you are my babygirl to me and you no
that you mean the world to me
but now i guess its just a lesson that we've learned
you played with fire and you must get burned

(chorus)

(girls~)i just wished you had told me from the first time
didnt wanna hear it through the grapevine
bout ur undercover romance.....hell no you wont get a
second chance
i asked myself
(chorus) (with bridge over)
