I used to run around

You never tied me down

My feet are homeward bound

And I do love you

What are you waiting for

Come on and close the door

I couldn't love you more

Than I do love you

[CHORUS]

She put the light on

She put the light on

Lady, put the light on

Light on me

She put the light on

She put the light on

Lady, put the light on

Light on me

The day I ran away

Was only yesterday

But now I'm here to stay

And I do love you

It doesn't matter now

I got you anyhow

Come on and take a bow

Cause I do love you

[Repeat CHORUS]

She put the light on

She put the light on

Lady, put the light on me

She put the light on

She put the light on

Lady, put the light on me

She put the light on

She put the light on

Lady, put the light on me

She put the light on

She put the light on me

Don't you know that my baby

She put the light on

She put the light on

Lady, put the light on me

Put the light on me, oh, yeah

She put the light on

She put the light on

Lady, put the light on me

Light, light, light, right on me

She put the light on

Lady, put the light on me

(Put the light on)

She put the light on

Lady, put the light on me

Come on, don't you know

She put the light on

She put the light on

Lady, put the light on me

She put the light on

She put the light on

Lady, put the light on me...
