The party is almost done
We've had our share of drinks
And fun and the sun is coming up
Kiss me one last time
So I can feel like I'm alive
Before I wake up in my room

If only I could
Touch your face
To fill this heart
To fill this space

Chorus:
I'll be your hero
And we'll take our time
I'll be your hero
And we'll make it right

I know
That everything would be okay
If I could touch your face
And know that I'm awake
So let's go grab your keys
And leave this place
Because all that matters
Now is our time tonight

(Chorus)

And I'd do anything for you
Don't wake me up
And I'd do anything for you
Don't wake me up

(Chorus)
