(Jim Heath, Jim Wallace, Scott Churilla)

If it makes you feel better  
heres a little test  
If i screwed up  
you be the first to get hip

you are the lie detector  
waiting for a slip  
aint no way to live  
i gotta take the test  
if you gotta give  
(Chorus)  
you are the lie detector  
you are the lie detector  
you are the truth protector  
you are the lie detector, girl  
what kind of things  
could be running through you mind  
what the hell ya thinkin  
that you gonna find  
nothing  
nothing  
you got nothing on me

officer, prosicuter,  
judge, and jury too  
what the hell you think  
exactly that your gonna prove

(Chorus)
