Music: Lee Altus  
Lyrics: David White

Twisting on a fine line  
Shifting up the incline  
Coasting down along this narrow road  
Creeping up my blind side  
Sidetrack to the dark side  
Try to get my spirit to transcend

I've suffered inside the grey and the black  
I've walked through coals to get where I'm at  
I've saved a lifetime in a jar of miry clay  
Shaping my existence to never fade away

Fade away  
I will never  
Never fade away

Drifting on an ocean  
Life without devotion  
Hollow is the man without a soul  
Blinded by ambition  
Short sighted in his vision  
Redemption's not a place that he calls home

I've suffered inside the grey and the black  
I've walked through coals to get where I'm at

I've saved a lifetime in a jar of miry clay

Shaping my existence to never fade away

Fade away  
I will never  
Never fade away

Twisting on a fine line  
Shifting up the incline  
Coasting down along this narrow road  
Creeping up my blind side  
Sidetrack to the dark side

Try to get my spirit to transcend

Solo: Lee

Solo: Kragen

Draining out of the poison  
Infection's now in motion  
Got to find the source before it spreads  
Facing my destruction  
Reaching out for something  
To free the embrace of this quicksand

I've suffered inside the grey and the black  
I've walked through coals to get where I'm at  
I've saved a lifetime in a jar of miry clay  
Shaping my existence to never fade away

Fade away  
I will never  
Never fade away
