

Heathen "In Memory Of..."

Visit "[In Memory Of...](#)" on MotoLyrics.com

I'll never be the same
"never" forever our lives were changed knowing the
memory of you
Nothing last forever, no never
Nothing ever stays the same
Theirs really no one to ble

We live and we die, were there's truth, there's a lie
I try to understand the reasons why we all must go
The meaning, the feling, there is no fear to
Fear but the pain will never dissapear

A thousand words cannot describe this pain, so for you
I write this song in memory of your name
So I can only say goodbye, "goodbye"
So long my friend until we meet again

We live and we die, were there's truth, there's a lie
I try to understand the reasons why we all must go
The meaning, the feling, there is no fear to
Fear but the pain will never dissapear

I'll never be the same. "forget you I will never do"
I will never be the same
In each of us is a part of you and every moment is just
a fraction in time
A moment to live, a moment to die, I will never be the
same
