There's got to be a solution  
There must be a cure  
Something to get me through this confusion  
What will it take to set me free?

The time that's passed is full of frustration  
So much to tell but no words to say  
I've suffered enough and my dues are paid  
No turnin' back now, I'm on my way

When I look back I see  
A time of misery  
At times it seemed  
That it would never end

Life is a gamble  
No matter how you play the game  
Roll the dice  
And take your chances

Win or lose, it doesn't matter  
'Cause there's no escape  
When you're  
A prisoner of fate

Anything is possible  
But nothing is ever really sure  
Not always knowing what's wrong or right  
Your only choice is to decide

I stand alone in the pouring rain  
I just had to say  
Capture the moment before it's gone  
You've got the strength to carry on

I was condemned to feel  
This pain that's so unreal  
The chains that bind me  
Are behind me now

Life is a gamble  
No matter how you play the game

Roll the dice  
And take your chances

Win or lose, it doesn't matter  
'Cause there's no escape  
When you're  
A prisoner of fate

Once I was lost  
In the abyss  
No longer  
Could I go on like this

Life is a gamble  
No matter how you play the game  
Roll the dice  
And take your chances

Win or lose, it doesn't matter  
'Cause there's no escape  
When you're  
A prisoner of fate

Prisoners of fate  
Prisoners of fate  
Prisoners of fate  
Prisoners of fate
