Life is what you make it baby and you done made it hard
You see misery enjoys comany and company thinks misery's a fraud
And you ain't got to turn your nose upon account of me sayin what's true
I just paused it like I sees it baby when I sink it I sink it on you

Now I was told by a man so old that when he spoke time stood still
He said witch ever road you decide to take that life is gonna start up here
Now I want you to take this with you baby let it marinade in your skull
See sometimes life's about pushin n pullin and baby you aint got no pull

They say life is what you make it baby and you done made it hard
You see misery enjoys comany and company thinks misery's a fraud
And you ain't got to turn your nose upon account of me sayin what's true
I just paused it like I sees it baby when I sink it I sink it on you

From the city to the country and we all gettin hungry and everybody want it on the little life of luxury now fellows being bubbely and don't try to front of me and ladies don't be ugly be sugary in front of me

I was the first one to tell this to you and now you the last to know well if you got it then you got it and I aint the one to stop it
Baby just don't ask me no more

They say life is what you make it baby and you done made it hard
You see misery enjoys comany and company thinks misery's a fraud
And you ain't got to turn your nose upon account of me

sayin what's true
I just paused it like I sees it baby when I sink it I sink it
on you

Now push (push) now pull (pull)
Now push push, now pull pull

Etc.
