I will never change,  
I'll always love you.  
Yes, I'll always love you,  
Now and evermore.  
As the years go by,  
Your kiss will still be  
All I need to thrill me,  
All I'm living for.  
To every heart comes a love for a lifetime.  
The role that we have played for,  
The dreams that we were made for.  
I found the one meant for me  
When I found you.  
I'll build my arms around you.  
I'll never let you go.  
And even though the world may change  
and kingdoms crumble,  
Though the stars may tumble,  
From the skies above,  
I know that I will never change  
I'll always love.
