You came into my life
I don't think that you meant to
You were standing in a doorway
I was trying to walk through
Like an angel or the devil
I could never quite say
It doesn't matter, anyway

Oh, Im a fool for you
Im a fool for you
Open my heart and let the wind blow through
'Cause Im a fool for you

You can tell me anything and, honey, I'll believe
Cause when you keep me hanging, it only feeds the
dream
I never gonna reach you, you're a distant shore
But you still got me coming back for more

Oh, im a fool for you
Im a fool for you
Open my heart and let the wind blow through
Cause im a fool for you

Oh, let the wind blow
Through

And now the snow is falling
All the roads are gone
The earth is moving
But i'm moving on

I had so much to tell you
But no words to say
It doesn't matter, anyway

Oh, i'm a fool for you
I'm a fool for you
Open my heart and let the wind blow through
'Cause i'm a fool for you

Oh, i'm a fool for you
I'm still a fool for you
Open my heart and let the rain fall through
'Cause i'm a fool for you
