I don't want to wake up today I want to sleep and sleep  
the day away  
I want to stay all warm and cozy safe and sound in my  
nightgown  
I don't want to face the day don't want to open up that  
door  
To the cold wind and all those things that remind me of  
how I'm lonesome

Oh won't you give me a sign  
Hurry I don't have much time  
Cause I can't stay in bed all day just waiting for  
something to happen  
I'm stuck inside without a light to lift my aching bones

The leaves start falling around this time the snow is  
coming soon  
My slippers sit by my bedroom door so my feet stay  
warm on the tile floor  
The days are shorter the nights are long they're as  
heavy as my heart  
The seasons change while my reasons for staying  
inside stay wrong

Oh won't you give me a sign  
Hurry I don't have much time  
Cause I can't stay in Bed all day just waiting for  
something to happen  
I'm stuck inside without a light to lift my aching bones  
I'm stoned and sad can't get outside my own head  
I'm all broke up and broken into pieces on the ground  
So wake me up pick me up put an overcoat on me and  
push me outside
