In the garden, was it peaceful
Did he show you how the marigolds grew
When he gave you,
With the thing he only shared with you

I don't remember, what it feels like
I only know that I don't wanna give it away
I don't remember, all the details
I only know that I don't wanna feel it today

In the garden, in the orange grove
Did he play the games you liked to play
By the fishpond
And the dragon-flies
With the things you swore you never say

I don't remember, what it feels like
I only know that I don't wanna give it away
I don't remember, all the details
I only know that I don't wanna feel it today

So turn the sun around
Turn the sun around
I don't want my body now
I don't want my body now
So turn the sun around
Around, around, around

I don't remember, what it feels like
I only know that I don't wanna give it away
I don't remember, all the details
I only know that I don't wanna feel it today

Turn the sun around
Turn the sun around
I don't want my body now
I don't want my body now
So turn the sun around
Turn the sun around
Turn the sun around
Turn the sun around

Around, around, around, around, around
