Make a Fool Out of Me Heather Myles

Make a fool out of me, it don't matter
I don't even want your sympathy
Twist the knife one more time
And go home with her tonight
I don't have another tear in me to cry

You shattered all my dreams and expectation
When I realized she was no passing face
Now all I have's this worthless piece of paper
And a memory that looks more like you each day

Make a fool out of me it don't matter
I don't even want your sympathy
Twist the knife one more time
And go home with her tonight
I don't have another tear in me to cry

Solo steel guitar

I tried to pretend that you still love me
But nights alone's too high a price to pay
I'll pack my pride and leave my old illusion
And hope I might find love again someday

Make a fool out of me it don't matter
I don't even want your sympathy
Twist the knife one more time
And go home with her tonight
I don't have another tear in me to cry

Guitar solo
