Now you know that I am married
And baby so are you
But right now we're not thinking at this little rendezvous
We both what's gonna happen
four people gonna get hurt
Cause it's bound to rub off on us
When we're playing in the dirt

I know I'll lose my husband
You'll probably lose your wife
You'd think that we'd know better
At this point in our lives
So we might as well enjoy it
Or take it for what it's worth
'Cause we're gonna gets some on us
When we're playing in the dirt

Instr:

It's the same old common story
It's happening all around
There's no doubt it one more ship is going down
There ain't no escaping all the trouble on this earth
We're going become muddy,muddy, muddy
when we're playing in the dirt

Instr

Ain't no escaping all the troubles on this earth
We're going become muddy,muddy, muddy
When we're playing in the dirt
Oh we're playing in the dirt
Oh we're playing in the dirt
