I found a rock at the end of my rainbow,
While searchin' for my pot of gold.
Well, I found a rock at the end of my rainbow,
An' I'm tryin' to find my way back home.

Well, I went lookin' but I didn't find,
An' I almost lost my mind.
Them ol' neon lights outshone my stars above.
Well, the only thing I need,
Is your sweet love next to me,
And I know now I can keep you satisfied.

'Cos I found a rock at the end of my rainbow,
An' I've never felt so all alone.
'Cos I found a rock at the end of my rainbow,
An' I overlooked your heart of gold.

Instrumental Break.

Well, I went lookin' but I didn't find,
An' I almost lost my mind.
Them ol' neon lights outshone my stars above.
Well, the only thing I need,
Is your sweet love next to me,
And I know now I can keep you satisfied.

'Cos I found a rock at the end of my rainbow,
No, I've never felt so all alone.
'Cos I found a rock at the end of my rainbow,
An' I overlooked a heart of gold.

Yeah, I overlooked your heart of gold.
