Wanna cry for you would it do any good ?
If I rained for you it would just be water
And the night's with you and the storm's in your hand
And you're down, and you're down and I can't lift you

I'm powerless to change your world
I'm powerless to stop the hurt

But I'll give you my heart, give you my shoulder
I give you my heart, give you my shoulder
Over and over

Wanna run for you, would it do any good ?
If I flew for you, you would still be standing
And it's hard watching 'cause I'm part of you
And it's hard not to, not to know what I can do

I'm powerless to change your world
I'm powerless to stop the hurt
I'm trying hard to be your tower of strength
I'm trying hard to bring you back to joy

I'll give you my heart, give you my shoulder
I give you my heart, give you my shoulder

When the night just cuts you through
And the dream is lost to you
When you're worried and confused

I will give you my heart, give you my shoulder
I give you my heart, give you my shoulder
Over and over

Time and again, give you my shoulder
I will
I give you my heart, give you my shoulder
I will

Time and again, over and over
I give you my heart, give you my shoulder
