Are you ready
For me to be stronger
I'm keeping my distance
My voice to a whisper

Are you ready
For me to surrender
'Cause I find in my return
There's no need to hide these words

'Cause maybe
(Maybe)
I'm no angel
(I'm no angel)
But I feel, like I could fly

And maybe
(Maybe)
There's no rainbow
(There's no rainbow)
But my love for you still shines

And I want to
I wanna be endless
I wanna be helpless
I want to be true

Like a sunbeam
(Like a sunbeam)
The shadow's behind me
(The shadow's behind me)
Sliding out of view
Let me bring it home to you

'Cause maybe
(Maybe)
I'm no angel
(I'm no angel)
But I feel, like I could fly

And maybe
(Maybe)

There's no rainbow
(There's no rainbow)
But my love for you still shines

'Cause here I am, here I am
I've been running, long enough to know
Here I am, here I stand
All this rung's got me longing in my soul
Longing in my soul

'Cause maybe
(Maybe)
I'm no angel
(I'm no angel)
But I feel, like I could fly

And maybe
(Maybe)
There's no rainbow
(There's no rainbow)
But my love for you still shines

Yeah maybe
(Maybe)
I'm no angel
(I'm no angel)

(Angel)
But I feel, like I could fly
(But I feel, like I could fly)

Yeah maybe
(Maybe)
There's no rainbow
(There's no rainbow)
But my love, love for you still shines
(But my love for you still shines)

My love still shines
