Talk to, talk to me
Like you used to, darlin'
I know it's cold, I know it's late
But let's go out walking

'Cause we haven't heard each other in a long time
And we have been treading water living side by side

You take my breath away
Yeah, you still do even though we've been down
So come on, talk to me
Yeah, come on, even though we've been down
So long, so long, long, long, long, long

Come to me, come to me
Like you used to, darlin'
Every day, every way
We've been losing something

'Cause we haven't held each other in a long time
And I need to feel your body close to mine

You take my breath away
Yeah, you still do even though we've been down
So come on, talk to me
Yeah, yeah, even though we've been down
So long, long, long, long, long, long

'Cause it's still inside you and it's still inside me
Still in our blood, in our memory
I'm still longing for you, are you longing for me
A long, long, long, long, long

You take my breath away
Yeah, you still do even though we've been down
You take my breath away
Yeah, you still do even though we've been so down
You give me the feeling and I love, I love to feel
A long, long, long, long, long, long

You give me it all, before we'll ever take around
A long, long, long, long

It's a long, long
Talk to me, talk to me, yeah
It's a long, long
Talk to me, talk to me
It's a long, long, long, long, long, long, long, long
