Can you hear me? Am I loud enough?
Could you see it coming like an avalanche?
I only felt the need

When somebody turns you on
It's like a light in the dark goes on
You've waited for rain, you've waited so long
When somebody turns you on

Were you waiting?
(Were you waiting?)
When you took my hand
Were you aching with me?
Did you understand?
(Understand)
I only felt the heat

When somebody turns you on
It's like a light in the dark goes on
You've waited for rain, you've waited so long
When somebody turns you on

When I know this is real
I know, 'cause I know, 'cause I feel
Your eyes go straight to my soul

And I know this is good
It goes deep like I know it should, yeah
Just got to let love grow

When somebody turns you on
It's like a light in the dark goes on
You've waited for rain, you've waited so long
When somebody turns you on

When somebody turns you on
It's like a light in the dark goes on
You've waited for rain, you've waited so long
When somebody turns you on

When somebody turns you on
(When somebody turns you on)

When somebody turns you on
(When somebody turns you on)
When somebody turns you on
(When somebody turns you on)

When somebody turns you on
(When somebody turns you on)
When somebody turns you on
(When somebody turns you on)
When somebody turns you on
(When somebody turns you on)

When somebody turns you on
(When somebody turns you on)
When somebody turns you on
(When somebody turns you on)
When somebody turns you on
(When somebody turns you on)
