Kiss your lashes, kiss you low
I'm driven to you like the driven snow
There's a place for us to lie
For every lover there's a piece of sky
To every life there's a light that shines
To every heart a beat that's true
Baby, you're my yellow summer
Baby, You're my winterblue
You know that this was meant to be
Long ago, a hundred years from now
Tossing on an open sea
Love so good it's easy to go down
To every life there's a light that shines
To every heart a beat that's true
Baby, you're my yellow summer
Baby, You're my winterblue
Baby, you're my yellow summer
Baby, You're my winterblue
To every life there's a light that shines
To every heart a beat that's true
Baby, you're my yellow summer
Baby, You're my winterblue
I love you like a jungle fever
I'll never never never leave
Through every vein and every fibre
I'll never never never leave
To every life there's a light that shines
To every heart a beat that's true
Baby, you're my yellow summer
Baby, You're my winterblue
Baby, you're my yellow summer
Baby, You're my winterblue
Baby, you're my yellow summer
Baby, You're my winterblue
Winterblue...
Winterblue...
Winterblue...
