Out of the glitter and the shine  
Out of the corner of my eye  
Saw you walkin' I freeze the frame  
My lucky game

We could've been strangers if we tried  
Move to the rhythm side by side  
Maybe a glance across the room  
Blue moon

Why did the hours burn so long?  
Sunset and shadows cold  
I hear the music playin' on  
I know you're gone  
But you  
You left me a song

Under the skylight, after dark  
Crept to find you, what a lark  
We were like children stripping down  
The joy we found

But even the lights that turn me on  
Make it so hard to see beyond  
Make it a rainbow in my mind  
This borrowed time

Why did the hours burn so long?  
Sunset and shadows cold  
I hear the music playin' on  
I know you're gone  
But you  
You left me a song

Huh, you left me  
Huh huh, you left me  
A song

Why did the hours burn so long?  
Sunset and shadows cold  
I hear the music playin' on  
I know you're gone

But you  
You left me a song  
You left me a song  
You left me a song
