T.V.'s broke, heating's out of order
Lousy day, hours don't get no shorter
Need a laugh to put you on your feet
Then baby I'm the one you need

[Chorus 1]

(So, just) get on the line any ole time
I'm always ready to make you smile
(Girl) pick up the phone if your alone
And I'll be over in just awhile
(Baby) All You Do Is Dial

Out of cash, no food in the freezer
Been stood up, date was just a teaser
On your own, and feel like you could cry
Then baby I'm the one to try

[Repeat chorus 1]

Whenever you feel down and out
Just remember my phone number, girl
{Better check it out!}

[Chorus 2]

(So) get on the line any ole time
I'm always ready to make you smile
(Girl) pick up the phone if your alone
And I'll be over in just awhile
(Girl) get on the line any ole time
I'm always ready to make you smile
(Girl) pick up the phone if your alone
And I'll be over in just awhile
(Baby) All You Do Is Dial
All You Do Is Dial [multiple repeats, ad lib to fade]
