Drivin' round, in the night, tryin' to pick up a station  
Just to hear, the DJ, playing our dedication  
Blowing kisses down the telephone line  
Just simple things that blow my mind, --away  
And puts magic inside my day

Oh this sho' nuff must be luv  
It's got to be  
Sho' nuff must be luv, it's heavenly  
With you

Taking walks, in the rain, so we'll both see the rainbow  
Holding hands, by the light, of a midsummer moon  
glow  
Sipping soda in the corner cafÃ©, just passin' happy  
hours away, --with you  
Making all of my dreams come true

Oh this sho' nuff must be luv  
It's got to be  
Sho' nuff must be luv, it's heavenly  
With you

Oh this sho' nuff must be luv  
It's got to be  
Sho' nuff must be luv, cause it's heavenly  
Sho' nuff must be luv, it's got to be  
Sho' nuff must be luv, cause it's heavenly  
Sho' nuff must be luv, ooh, all the things that you do to  
me  
Sho' nuff must be luv, ooh ooh  
Oh, must be luv, must be love  
Must be luv, must be luv, must be luv  
Sho' must be lu, uh, uh, uh, uhv  
Sho' must be heavenly, --with you
