Angel come to me, let me be, part of all the love you
are
Cause Angel we could fly, you and I, ride a rainbow to
the stars

So hold me all thru the night, light up my life, stay 'til
the day is bright
And Angel don't ever break (don't break the spell) the
spell
Cause you're the Star of a Story I'll always tell (You are
the star, you are the star)

Angel used to say, yesterday, love was only in a dream
But Angel, guess I was wrong, all along, just took you
to make me see

So hold me all thru the night, light up my life, stay 'til
the day is bright
And Angel don't ever break (don't break the spell) the
spell
Cause you're the Star of a Story I love so well (You are
the star, you are the star)

So hold me all thru the night, light up my life, stay 'til
the day is bright
And Angel don't ever break (don't break the spell) the
spell

...Cause you're the Star of a Story I'll always tell

Cause you're the Star of a Story I love so well (You are)

Cause you're the Star of a Story I'll always tell (You are)

Cause you're the Star of a Story I love so well (You are)

Cause you're the Star of a Story I'll always tell (You are)

Cause you're the Star of a Story I love so well (You are)

Cause you're the Star of a Story I'll always tell (You are)

Pa-pa-pa, pa-pa-pa-paaa

Cause you're the Star of a Story I love so well (You are)

Cause you're the Star of a Story I'll always tell (You are)

Cause you're the Star of a Story I love so well
