I was thirty-seven  
You were seventeen  
You were half my age  
The youth I'd never seen  
Unlikely people meeting in a dream  
Heaven only knows the way it should have been  
Here today my tomorrow  
Where you lead I will follow  
All that kissing  
No passion missing  
Come live with me  
Kiss the boys goodbye  
Dinner parties followed  
And all my age implies  
My friends began to talk  
I began to realise  
If half the things they say  
Are quarter true of me  
Then how can I eclipse the youth  
You gave to set me free  
There was something in your smile  
That was hard to reconcile  
The time had come to testify to reason  
Though years will not erase  
Remembrance of those days  
At least there's no submission to hearts treason  
Here today my tomorrow  
No more shame only sorrow  
All that kissing  
There's something missing  
Come live with me  
Kiss the boys goodbye  
Now there's nothing left to cry for  
And there's nowhere left to go  
Just another hopeless fight  
But how were we to know  
The strong are sometimes wrong  
But the weak are never free  
The choice we made we can't evade  
Don't try to follow me  
Here today my tomorrow

No more pain only sorrow  
All that kissing  
There's something missing  
Come live with me  
Kiss the boys goodbye  
Come live with me  
Kiss the boys goodbye
