Dangerous

You can see them on the corners  
They are short and tall (and tall)  
And everybody warns us  
They are over the wall (over the wall)  
They are every color, every race  
They are fat and thin (and thin)  
They are hanging out in every place  
And they are thinking in (thinking in) ( ? )

Dangerous

We are all over the city  
Dangerous  
'cause we've got nothing to do

Decadence in dark blue pants  
Beating on the beat  
( ? ) 45's  
It's where the thick boys meet (thick boys meet)

Dangerous

'cause we're down and dirty  
Dangerous  
And we're looking for you

Everybody knows

That when that bad man shows  
'we're gonna beat that beat that someone to death'  
'we're gonna beat that someone to death'  
'we're gonna beat that beat that someone to death'  
'we're gonna beat that someone to death'  
Everybody knows  
That when that whistle blows  
'we're gonna beat that beat that someone to death'  
'we're gonna beat that someone to death'  
'we're gonna beat that beat that someone to death'  
'we're gonna beat that someone to death'

They're after us  
That's everyone

They're looking after ( ? )  
They are down at ( ? ) having fun  
The don't know wrong from right

Dangerous  
We are all over the city  
Dangerous  
'cause we've got nothing to do

We're not talking me and you  
These are the ( ? )

Dangerous  
We are all over the city  
Dangerous  
'cause we've got nothing to do

Dangerous  
'cause we're down and dirty  
Dangerous  
And we're looking for you
