Come lie on a bed of nails and slumber  
Rise up but the hands all pull you down  
My sunshine is wind and rain and thunder  
I sing but I can't make a song

So if you want o know where  
I've been  
Hiding all these years  
Follow the tears  
Don't drink from the cup of human kindness  
It's a strange brew and poison to the touch  
Don't think that they're saving you the finest for last  
Or that you wanted too much

So if you want o know where  
I've been  
Hiding all these years  
Follow the tears  
Follow the tears

Follow the tears  
Follow the tears

We'll be there for you  
I believed and I can tell you it's not true  
Run away before they find you again  
The consequence of the conscience  
Is that you'll be left somewhere  
Swinging in the air

So if you want to know why  
I've been  
Hiding all these years  
You might just find the way  
Before the signs all disappear  
Follow the tears  
Follow the tears

If you want to find me  
If you really care  
Follow the tears  
They're everywhere no no
