Look ahead, on the screen,
Slim perfect creatures and they're just 16
Their eyes meet, this is it,
The contact so much more than words can transmit
he stands up, she gives in,
Their first encounter, their embrace within
A short ride, they arrive,
There is no doubt that true love will survive

Chorus:

We are the geisha boys
Doing it wrong again
They are the chosen ones
Doing it right
Here come the temple girls
Looking for sanctuary
Naked as advertised
For the first tie
Here we are late at night
We are both refugees
There is no easy way
Let it be right
Anything's possible
If you can fake it, but
The wrong place is anywhere
If you're not right
If you turn away from the screen
Another version can be seen
She is black, he is white
They love each other but they also fight
Back from work, she's not home
Another evening angry, all alone
She arrives and he departs
Misunderstandings, then the breakdown starts
Chorus
There's not much that you can do
Choose either one of them it could be you
The first time could be the only time
The odds against you and your hopes decline
Do it right, do it wrong
Console yourself that either won't last long
Geisha boys and temple girls

Make contact or remain in separate worlds
Chorus
