"Move Out"

I fell in love on the day we met
It was a purely physical thing
We talked and talked I like your mouth
Your mind's o.k. but I love your body

We haven't slept for days now
Ooh your body
We haven't slept for nights
Ooh your body body
Nothing's going to stop me
Ooh your body
This is a title fight
Ooh your body body

I made you laugh and you made me cry
I know it's wrong but I'll never miss you
You locked me up I don't know why
But there's no law against escaping

It doesn't really matter
What you say to me
Nothing's going to stop me
What will be will be

I had a dream I was on a train
I met this girl she was prettier than you
Do what you want but don't wake up
Close your eyes and let's get started
I know a secret locked in ice
Until I die I'm taking action
There must be more that we can do
Where am I just when I need you

Wrap me in your body
I'll wrap you everywhere
No one's going to miss me
I know that no-one cares
I've been in your body
I've been in your car
You know I've had enough now
Y' know what the reasons are

Move out
I'll leave today going away
Move out
I'm ready to go
Move out
Move out
