I was thirty-seven  
You were seventeen  
You were half my age  
The youth I'd never seen

Unlikely people meeting in a dream  
Heaven only knows  
The way it should have been

Here today, my tomorrow  
Where you lead I will follow  
All that kissing  
No passion missing

Come live with me  
Kiss the boys goodbye  
Come live with me  
Kiss the boys goodbye  
Come live with me

Dinner parties followed  
And all my age implies  
My friends began to talk  
I began to realize

If half the things they say  
Are quarter true of me  
Then how can I eclipse the youth?  
You gave to set me free

There was something in your smile  
That was hard to reconcile  
The time had come to testify to reason

Though years will not erase  
Remembrance of those days  
At least there's  
No submission to hearts treason

Here today, my tomorrow  
No more shame, only sorrow  
All that kissing

There's something missing

Come live with me  
Kiss the boys goodbye  
Come live with me  
Kiss the boys goodbye  
Come live with me

Now there's nothing left to cry for  
And there's nowhere left to go  
Just another hopeless fight  
But how were we to know?

The strong are sometimes wrong  
But the weak are never free  
The choice we made, we can't evade  
Don't try to follow me

Here today, my tomorrow  
No more pain only sorrow  
All that kissing  
There's something missing

Come live with me  
Kiss the boys goodbye  
Come live with me  
Kiss the boys goodbye

Come live with me  
Kiss the boys goodbye  
Come live with me  
Kiss the boys goodbye

Come live with me  
Kiss the boys goodbye  
Come live with me  
Kiss the boys goodbye

Come live with me  
Kiss the boys goodbye  
Come live with me  
Kiss the boys goodbye  
Come live with me  
Kiss the boys goodbye
