Motion, motion
Use it, use it
Motion, motion
And reach out for tomorrow

Please don't ask me to stay
I'm leaving this town
Don't worry now
Believe me as I believe that

Luck is on my side
The future is mine
If I can find a way through
These strange days of my life

We live so fast
Motion, motion
No time to waste
Use it, use it

We live so fast
Motion, motion
Make the first step
And reach out for tomorrow

We live so fast
Motion, motion
We can't stand still
Move it, move it

We live so fast
Motion, motion
Move out of my way
It's time to make it happen

The streets deserted and cold
They're not paved with gold
But I don't care for those who think
Young will still survive

Making their move
Hoping to prove

That they can face this big city
Small world, big time

We live so fast
Motion, motion
No time to waste
Use it, use it

We live so fast
Motion, motion
Make the first step
And reach out for tomorrow

We live so fast
Motion, motion
We can't stand still
Move it, move it

We live so fast
Motion, motion
Move out of my way
It's time to make it happen

But now I know their ways
I found my place
Saw their true face
There's nothing to stay for so I'll go

I'll pick up the phone
Still searching for home
We live so fast
Alone but not lonely, I move on

Motion, motion
Use it, use it
Motion, motion
Make the first step
And reach out for tomorrow

We live so fast
Motion, motion
We can't stand still
Move it, move it

We live so fast
Motion, motion
Move out of my way
It's time to make it happen
