Give it up
And let your spirit go
To a place, that only could know
When you're lost
You'll look
And maybe you can see
Make me feel the things
That only you can feel
Do you wanna dance with me
Do you wanna see the things that I see
Do you wanna dance with me
Tonight could last forever
Do you wanna dance with me
Do you wanna see the things that I see
Do you wanna dance with me
Tonight could last forever
When you're lost
You'll look
And maybe you can see
Make me feel the things
That only you can feel
