It's so cold tonight  
There are things I need to say  
But I'm alone tonight  
Do I need you anyway?  
I'll be strong tonight  
And this life will carry on  
Now that you're gone  
Tonight  
You speak of love  
Speak of pain  
But it's all the same  
Can't get enough  
I'm outta luck  
But it's all a game  
You speak of love  
Speak of pain  
But it's all the same  
Can't get enough  
I'm outta luck  
But it's all a game  
It's so cold tonight  
There are things I need to say  
But I'm alone tonight  
I'll be strong tonight  
And this life will carry on  
Now that you're gone  
Tonight  
You speak of love  
Speak of pain  
But it's all the same  
Can't get enough  
I'm outta luck  
But it's all a game
