Went to the museum, red brother  
Saw your ancient bloom cut, pressed and dried  
A sign said wasn't it clever what they used to do  
But it never did say how they died  
Hey hey hey  
Hey hey hey  
Went to Regina, red sister  
Heard a cab driver say what he'd seen  
"There's a grand place to eat out on Number One  
All white ladies if you know what I mean"  
Hey hey hey  
Hey hey hey  
Went to a pow wow, red brother  
Felt the people's lovejoy flow around  
It left me crying just thinking about it  
How they used my saviour's name to keep you down  
Hey hey hey  
Hey hey hey
