Think that it's all over
And you've walked your ragged mile

The winds of change are blowing
All around

Stop and look you're not the only one
On the road
Out in the night

Take some time to find a partner
Yeah, it does take time

Winds of change
Roll over us

Winds of change
Roll over us

Winds of change
Roll over us

Winds of change roll on

In a world of desperation
Where we struggle to be free

There's a truth in inspirations
That break the chains of you and me

Lookin' round we have our visions
Of what is and what could be

And in the heat of passion
Oh, you can be set free

Winds of change
Roll over us

Winds of change
Roll over us

Winds of change
Roll over us

Winds of change roll on

I think I want to spend my life with you
I think if we can make it
We can get through

I feel I've known you before
I think you know what I mean
I think I want to spend my life with you

(Solo)

Winds of change
Roll over us

Winds of change
Roll over us

Winds of change
Roll over us

Winds of change roll on (2x)
