See the march of the moribund ones
As they walk along
The path of death
Innocent about their doom

Vendetta for your act
Has to be done
I am the judge
That's the price of disrespect

Satisfying retribution
Requires skills in endurance
Sophisticated strategy
Decides about payoff

The unimposing
The pleasant one
The unassertive
Your deadly silent hater

You cocksucking shitfac
You randy old bugger
You miserable slutface
I'ma kill you fat arse motherfucker

Your ordinary behaviour
Could be your worst mistake
Just a silly thing
Could suffice to blacklist you

Nasty son of a bitch!
