These darkened days and restless nights are passing
by,
Passing by,
Like never ending years
What is left for me?
To keep me,
Bearing up against this pain
Buried deep inside,
Inside my soul
Ah

And all that's left,
Are memories
These pictures of unworried days
But no one's here,
To save my legacy,
It will just perish, fade with me,
Fade with me

No one awaits me,
Nothing diverts me,
This withered body is no empty shell

A dying ember

There is,
My god,
To carry me
But in this world I needed you

No one awaits me,
Nothing diverts me,
This withered body is no empty shell
And my bright eyes,
Still realize your apathy
My heart beats strong,
It still beats strong

There is my god,
To carry me
But in this world, I needed you

What is left for me?
To keep bearing up against this pain
There is no god to ease this pain

No one awaits me,
Nothing diverts me,
This withered body is no empty shell

And my bright eyes,
Still realize your apathy
My heart beats strong,
It still beats strong

Nothing to live for
Nothing to fight for
And emptiness fulfils my days
And emptiness fulfils my days

All my hope
A dying ember

Nothing to live for
Nothing to fight for
And emptiness fulfils my days
Just promise me,
Promise me to hold my hand
