Come save me from the burning
Ride against these dire times
Versus all apathy and disregard
Yielding new hope
To all the fallen ones
To all the silenced
To those unheard

A sign of hope in peaceless times
A shining light among the darkest nights
Godiva!
Your silent rage will bury them
Godiva, promise me
Convey our hate and screams

Will you bury them?
Godiva!
Will you bury them?
No truth will ever reach them
no word will ever touch him
A life beyond. Beyond their sympathy.

A sign of hope in peaceless times.
A shining light
Among the darkest nights
Godiva!
Your silent rage will bury them
Godiva, promise me
Convey our hate and screams

One day the tide is turning
And nothing will be left for them
Or for their vanity
Or for their selfishness
Godiva!
Will you bury them?
Lady Godiva!
When will you ride again?

No truth will ever reach them
No word will ever touch him

A life beyond. Beyond their sympathy

A sign of hope in peaceless times

A shining light among the darkest nights

Godiva!

Your silent rage will bury them

Godiva, promise me

Convey our hate and screams
