The dawn of a new age is near
We put an end to all the chaos and fear
Under angry skies we march
Against the doubtful
Against this unjust regime

No masters
No leaders
This is the end of treason
There's nothing they will carry on
Black-hearted are their promises
Believe me, liberty is paid by blood!

There's nothing they will carry on! x2
Nothing they will act upon
Nothing they will carry on
Nothing they will act upon

No masters
No leaders
This is the end of treason
There's nothing they will carry on
Black-hearted are their promises
Believe me, liberty is paid by blood!

There is nothing I can pledge to you
But whatever we will win, is more than slavery
This life
This golden future
It's in our hands
This world belongs to all of us

No masters
No leaders
This is the end of treason
There's nothing they will carry on
Black-hearted are their promises
Believe me, liberty is paid by blood!

Looted and defiled
Those days are over now

Felons will be brought to justice
Why don't you learn from my mistakes?

This life, this future
We build a new foundation
A new era we will bid welcome
This life, this future
This is a new foundation
A new era we will bid welcome

Your master
Your leader
This is the end of reason
There's nothing we will carry on
Good-hearted were the promises
Why don't you learn from my mistakes?
