See them die!
They Die!

A rain Of bl00d sh0uld c0ver Our w0rld

Stench and decay sh0uld be the only thing we sense

But hidden in the dark and erased fr0m Our heads

Barbarity and slaughter are everywhere

A contemptible ethic, a relict

F0r the weakest Of the weak

F0r the l0west Of the l0w

My voice f0r the v0iceless

My fists f0r the inn0cent

On the edge Of a new age this is still Our d0gma

N0 grave f0r milli0ns - t0rtured creatures,

But a c0mm0n grave f0r Our m0rals

This slaughter - an ethic I deny

An archaic way Of thinking, s0 m0nstrous and absurd
