"Come with me, now it's time for deliverance  
Take my hand, there'll be a day when together  
We will return back again from a distant place  
Back and forever we'll remain  
Believe in me tonight"

Through my eyes fast images are running away  
Like a maze my confusion increasing and I feel  
I'm not awake to understand the blames  
How much I still wait to see the end  
From here I want to escape

Leave this heaven from somewhere far beyond the sky  
The ghosts of memory waste over your shoulders  
sometimes

Desire is stronger than all the hidden truth  
Try to research deep in your love  
The force for break your limits  
The passion makes action and takes alive the game  
I can't forget quickly the past  
From this odyssey I must turn back

Desire is stronger than all the hidden truth  
Try to research deep in your love  
The force for break your limits  
The passion makes action and takes alive the game  
I can't forget quickly the past  
From this odyssey I must turn back

Desire is stronger than all the hidden truth  
I can't forget quickly the past  
From this odyssey I must turn back
