This way has driven me to a door  
My pain has drowned in a sea of pains  
Maybe the only remained hope flows  
In the veins of my enemy

Shake down, this is the final way  
We are blind in front of all this hate

Tell me a word in this sort of silence  
I don't want this once more again  
While the earth keeps spinning around and 'round  
And now we have lost this challenge  
This last chance on this battlefield  
To turn this world into a better place

No reason  
To turn over  
We are between the good and bad  
And we cannot judge where is the truth

Opposite poles sparkle  
Is everything wrong'  
The demons assail us  
And we can't avoid

The beast we've found inside ourselves  
The devil laughs inside his hole  
No hope for those who' re left alive  
'Cos war's an instinct, not a crime

Give up, you're just an animal  
Shut down moral and chemical

Not an use to check your thirst for  
Blood, right to disagree:  
Prevail your brother or kill him now

No reason  
To turn over  
We are between the good and bad  
And we cannot judge where is the truth

Opposite poles sparkle  
Is everything wrong'  
The demons assail us  
And we can't avoid
