Running across the dark way  
Bleeding but still alive  
Carry the mark of demon  
Suffering through the night  
Is it the end when all is done  
When soul climb in the sky  
Fighting to carry on  
On the other side of the life  
There is no world

Screaming to break the silence  
The divine light is on your way  
The fear, the pain, the violence  
Defeated me in hell  
Is it the end when all is done  
When soul climb in the sky  
Fighting to carry on  
On the other side of the life  
Appears a world

Here thought the light  
There's a land where I'm stayin' alive  
It's not real I was killed  
By a beast now I belong to heaven  
Glory to the miracle  
To the miracle  
I was damned, now I'm living again  
Glory to the miracle  
And the heaven gave me back my soul

Back to my mind  
Full of mist  
Rising up to the sky  
Safe and sound  
On the ground  
I am here to ride into the sky  
Glory to the miracle  
To the miracle  
I was died and buried without blames  
Glory to the miracle  
And the heaven gave me back my soul

Tonight - Strong and awake  
Awake - Saved by a light  
Light - I believe I am the chosen one  
The chosen one - Close the edge  
Edge - I saw the sign  
Sign - Is it hell or is it paradise  
Is it paradise - So far away  
Away - Into the sky  
Sky - There's a star which is shining in my heart  
Shining in my heart - Back to the end  
End - I knew my guide  
Guide - I am the son of evil  
Of evil...

The sun's shining in my dreams  
The light is getting hot  
Saved by eternity  
I have seen death so close  
Away, awhile the angels crossed the sky  
But I'm condemned to stay here.  
Whoa oh.

Tonight - Strong and awake  
Awake - Saved by a light  
Light - I believe I am the chosen one  
The chosen one - Close the edge  
Edge - I saw the sign  
Sign - Is it hell or is it paradise  
Is it paradise - So far away  
Away - Into the sky  
Sky - There's a star which is shining in my heart  
Shining in my heart - Back to the end  
End - I knew my guide  
Guide - I am the son...  
Of evil
