Let's go for a walk  
Let's go out and have fun  
Let's shoot our ray guns  
Let's swallow space dust  
As fast as we can

Let's stay up till dawn  
Let's go out and disco  
Go where the kids go  
Let's draw us in dust  
On old caravans

But you won't do the things  
I'd like you to  
Though you know deep inside that  
If you just tried  
You'd like them too  
And you won't be the way  
I'd like you to be  
Though I know deep inside that  
If you just tried  
You'd still succeed  
Be my Lenny

You say read a book  
You say watch the telly  
You say it's Wednesday  
That means it's Radcliffe  
On Radio One

You say time for bed  
You say time for lights out  
You say please don't cough  
It's getting late and  
You're up before dawn

But I won't do the things  
You'd like me to  
Though I know deep inside that  
If I just tried

I'd like them too

And I won't be the way  
You'd like you to be  
Though you know deep inside that  
If I just tried  
I'd still succeed  
Be your Lenny

I'm going out  
All on my own  
You never come  
Stay in at home  
What's the point of going on this way  
What you love is just what I hate

You're staying in  
All on your own  
That's not my way  
I have to go  
But we've got what it takes, you see  
I still love you, and you still love me

But I won't do the things  
You'd like me to  
Though I know deep inside that  
If I just tried  
I'd like them too  
And you won't be the way  
I'd like you to be  
Though I know deep inside that  
If you just tried  
You'd still succeed  
Be my Lenny
