Annabelle, Annabelle
Where'd you run off to?
Annabelle, oh Annabelle
I'm lost without you

I'm in hell, I'm in hell
Down here waiting
Annabelle, wish you could tell what I've been
contemplating

Leave it to the angels of the lies
To bring you back to me
Sing to me, tonight

Annabelle, Annabelle
Where've you been hiding?
Annabelle, sweet Annabelle
Since you stopped dying

I'm in hell, oh I'm in hell
Alone and hated
Annabelle, wish you could tell things got too
complicated

Leave it to the angels of the lies
To bring you back to me
To sing to me, tonight

Everything's been slowly broken down

Into pieces, into nothing
Now with you no longer dancing
Leaving me to second guessing
Why you left and where you're going
Maybe its best left alone
Like you

Leave it to the angels of the lies
To bring you back to me
To sing to me, tonight

Everything's been slowly broken down

Into pieces, into nothing
Now with you no longer dancing
Leaving me to second guessing
Why you left and where you're going
Maybe its best left alone
Like you

Alone like you [x3]
Alone
