[Music: Rettke/Paeth/Hunecke - Words: Rettke]

It's a long time ago when you had the feelin' to adore  
her  
Did you know, did you know that it's a lie?  
She was spreading into your life and tellin' she would  
love ya  
Did you know it's cuttin' like a knife?

[BRIDGE:]

Every single touch, every word of mouth  
Now you know that she's been fakin'  
All the dirty lies turned you inside out  
Now it's up to you for breaking away

[CHORUS:]

Breaking the chain  
Get away, she's back from the dawn  
You're feeling the pain  
Watch out! Now she's back from the dawn

In a world of shattered dreams  
You're trying to protect  
Did you know she utilized your care?

[BRIDGE / CHORUS]

Foolish behavior is piercing my brain  
Don't know the difference of pleasure and pain

There's no bed of roses  
Just a bed of nails  
No sense of security  
In a love that never fails

[Repeat 1st verse / BRIDGE / CHORUS]
