[music: Rettke/Paeth/Bilski - Words:Rettke]

Times running short for a deal  
Take your chances  
Make up your mind, time to heal  
No romances

You're creeping in a desert valley  
And waiting for the midas touch

[BRIDGE:]  
Now your disgrace, you 're not  
Within a world of circumstances  
You're locked up in an empty room  
Behind the door of a million chances  
You're living in a world of doom

[CHORUS:]  
Why live and die in a  
Terminated world  
Take your time  
Waitin' for tomorrow  
The chains are breaking free

Born with the faith in your heart  
You'll be leading

[BRIDGE / CHORUS]

Why, why we live and die  
We live and die in a terminated world

[BRIDGE / CHORUS]
