[Words: Rettke]

[Music: Rettke, Paeth, Bilski]

You call us dirty, wild and evil  
Behind a dead end wall there's nothing left to see  
We just need a chance to stop and break away  
If you're blind and deaf you'll never realize what life  
could be

[BRIDGE]

Back's against the wall  
Standing one for all  
Fighting tooth and nail  
There's no way we can fail  
Breaking all the rules  
Made for all the fools  
Can you hear a voice is calling you:

[CHORUS:]

WE WANT IT ALL  
We take control  
We do our best  
Reaching for the rest  
WE WANT IT ALL  
We rise, you fall  
There's no way out  
And there's no doubt about

We're always living in the shadow  
Ready for a deal, don't think about tomorrow  
In a rebel's heart there is no place for love  
Crawling in the night we're waiting for a sign to start it  
up

Just one thing remains  
Poison in our veins  
Need a helping hand  
I hope you understand  
Breaking all the rules  
Made for all the fools  
Can you hear a voice is calling you...

[CHORUS / BRIDGE / CHORUS]
